Dear Ms. Jackson,

I just wanted to share with you the impact that you had on me. I first met you when I was attending the access site in Fountain Valley. You came and taught us about the different ways of learning and showed me how I, as an individual, learn best. During my time in access, I was having trouble and those lessons helped me. All of those times you came in, I looked forward to things you were going to teach us. I felt that I could always relate to you because you met me on a deeper level. Well needless to say, I am very grateful for the help and support that you brought to all of the kids during class time and I hope this helps with whatever you need. I miss being in your class.

Sincerely,

Benjamin M.K. Seto
